

Agenda for the MRI Safety Update and Innovations Day, Saturday, 16th September

Time	Topic	Speaker
9.00 – 9.10am	Welcome and introduction to the day	Barbara Nugent
9.10 – 10.00am	Keynote speech: Are we keeping pace with growing MRI safety risks?	Mr Toby Gilk (courtesy of our Platinum Sponsor, Metrasens)
10.00 – 10.30am	SAR versus B1+rms: which is best?	Dr Donald McRobbie (virtual presentation)
10.30 – 11.00am	Exploring the international pharmacovigilance databases for potential Symptoms Associated with Gadolinium Exposure (SAGE), in patients exposed to gadolinium-based contrast agents.	Dr Imran Shahid (courtesy of our Platinum Sponsor, Guerbet)
11.00 – 11.30am	Refreshments and vendors' exhibition	
11.30 – 11.45am	Introducing the MRI Operator Notebook	Barbara Nugent and Alex Shcherbakov (virtual presentation)
11.45 – 12.15pm	Imaging of the Central Nervous System	Dr Anita Gianella (courtesy of our Platinum Sponsor, Bayer)
12.15 – 1.00pm	Advanced Acceleration Techniques	Professor Martin Graves
1.00 – 1.45pm	Lunch and vendors' exhibition	

1.45 – 2.05pm	Generic implant safety procedures in MRI: do we always need to identify make/model before scanning?	Dr Jonathan Ashmore
2.05 – 2.25pm	Magic Angle Directional Imaging (MADI) revolutionising MSK MRI	Dr Karyn Chappell
2.25 – 2.45pm	Introducing and Implementing MRI Safety in Radiotherapy	Trina Herbert
2.45 – 3.05pm	Guidance on MRI Provision for Cauda Equina Syndrome	Rachel Watt
3.05 – 3.25pm	MRI Safety Considerations When Scanning at 7 T	Philippa Bridgen
3.25 – 3.45pm	Refreshments and vendors' exhibition	
3.45 – 4.15pm	Managing Patients with Passive Implants on MR Systems Operating Below 1.5 T	Dr Frank G Shellock (virtual presentation)
4.15 – 5.00pm	Planning for MRI Safety	Mr Toby Gilk (courtesy of Platinum Sponsor Metrasens)
5.00 – 5.25pm	Question and Answer Session	Panel of presenters
5.25 – 5.30pm	Thanks and Close	Barbara Nugent
